

Asphalt V Rollers Specification Breakdown

Our current range of V rollers consists of the following options;

1. . 1000mm wide/75mm invert
2. . 1350mm wide/135mm invert
3. . 1500mm wide/150mm invert
4. . 2000mm wide/125mm invert
5. . 1500mm wide with offset invert (split 670/830mm).

Please note; other sizes and profiles can be available subject to design requirements but would carry costs for design and build.
